LOCK INSTRUCTIONS

Samsonite

TRAVEL SENTRY®
APPROVED

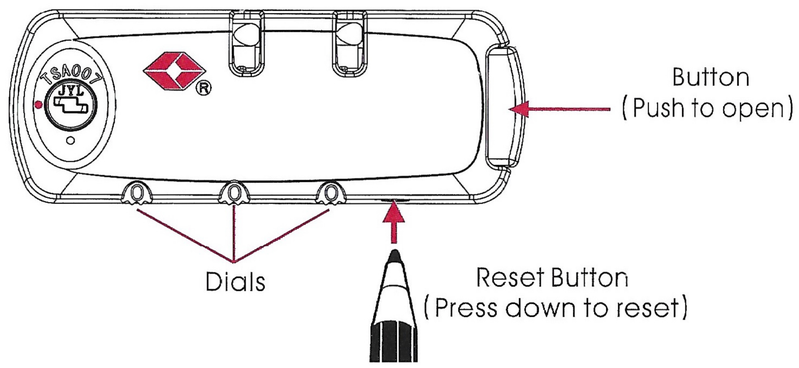
LOCK YOUR LUGGAGE BEFORE CHECK-IN

Utilizing a special code available to TSA authorized security screeners, TSA can identify, inspect, and re-lock cases for your peace of mind.

Each *Travel Sentry® Approved* lock has a special identification mark and code alerting the TSA that they can open this lock without destroying it. Every TSA screening location is able to use these codes to open the lock and then re-lock it after inspection.

Locks are intended only to prevent accidental opening and cannot prevent theft of case or its contents.

COMBINATION LOCK INSTRUCTIONS



Your Samsonite combination lock is preset to 0-0-0.
You can set your personal combination by following these instructions:

1. Open the lock (set combination to 0-0-0).
2. Press down on the reset button with a tool until you hear a “click” sound.
3. Set your combination by turning the dials (for example 8-8-8).

☐ – ☐ – ☐ Record your combination here.

4. The lock can now be opened when you push the button. You will hear a “click” when the reset button releases.

Your personal combination is now set.

WARNING: If cylinder is opened by TSA, lock it again by rotating it 90° clockwise.

Cases expand for added packing capacity.

Fully lined interiors with zippered compression panel and cross straps to minimize shifting of contents.

Mounted TSA combination lock provides peace of mind when checking cases through security.

Limited 10 Year Global Warranty

Samsonite products are rigorously tested to ensure that the travel products you trust meet stringent standards. Consequently, if a problem occurs with this Samsonite product (the "Product") and the problem is caused by manufacturing defects in material and workmanship, Samsonite will, in its discretion, either fix or replace the Product in accordance with the warranty terms and conditions stated herein. The warranty provided for herein applies only to the first purchaser or gift recipient of the Product for a period of ten years starting from the date this Product was purchased.

This warranty covers only manufacturing defects and does not cover any damage caused by misuse (such as transportation of unusual items), neglect, accidents, abrasion, exposure to extreme temperatures, solvents, acids, water, normal wear and tear or transport damage (by airlines for example). While non-warranty maintenance or repairs on your Product can be performed by any company, Samsonite requires that you use only an approved Samsonite service center ("Service Center") for warranty repairs. Improper or incorrectly performed maintenance or repairs void this warranty.

To locate a Service Center anywhere in the world refer to our website at www.samsonite.com, or call:

United States: 1-800-262-8282
Canada: 1-866-821-4515
Mexico: 01-800-505-3279

Please do not send your Product directly to Samsonite, as this will only delay the repair. This warranty is global and you may have your Product repaired at any Service Center in the world. You are, however, responsible for all costs of getting the Product to any such Service Center including, but not limited to, the cost of packaging, shipping and applicable taxes.

For warranty service at a Service Center, you will need the duly completed warranty certificate or original receipt of purchase. The Service Center will determine whether or not the problem is covered by Samsonite's warranty. If the warranty applies, you will be notified as to whether the Product will be repaired or replaced. Any such repair or replacement will be at Samsonite's expense, including any costs required to return the repaired or replacement product to you. If the Product is to be replaced and the Product is no longer available, Samsonite will substitute a comparable Samsonite product.

Incidental and consequential damages are expressly disclaimed. Labor charges and damages attributable to work performed by anyone other than a Service Center are not covered by this warranty. To the extent permitted by applicable law, any implied warranties are hereby excluded. The warranty provided herein is limited to the value of the Product. Manufacturing specifications are subject to change without notice. Product locks are intended only to prevent accidental opening and cannot necessarily prevent theft of the Product or its contents, breakage or entry by airline or airport personnel or governmental authorities. Inspect your Product immediately after handling by anyone other than you. If damaged in transit, submit a claim to the transit company (which is insured against damaging your product) at the place of arrival, if possible, before clearing customs.

This warranty is intended to give you specific legal rights. In addition to the rights described herein, you may also have other rights that vary from state to state or country to country with respect to the exclusion or application of implied warranties, incidental and consequential damages and repair and replacement. Consequently, the limitations or exclusions specifically contained in this warranty may not be applicable to you.

Congratulations on your purchase. We hope you enjoy your Samsonite Product and the security of a limited ten year world-wide warranty!

WARNING: This product can expose you to chemicals including Di(2-ethylhexyl) phthalate (DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Locks are intended only to prevent accidental opening and cannot necessarily prevent theft of case or its contents. Manufacturing specifications are subject to change without notice. Dimensions refer to packing capacity and are approximate.
